

**ZONING ADMINISTRATOR
NOTICE OF DECISION**

Date: January 24, 2011
Applicant: San Diego County Superintendent of Schools
Case No.: PCC-10-063
Address: 3802 Main Street, Suites 1&2
Project Planner: Michael W. Walker

Notice is hereby given that on January 24, 2011 the Zoning Administrator considered Conditional Use Permit (CUP) application PCC-10-063 filed by the San Diego County Superintendent of Schools ("Applicant"). The Applicant requests a CUP to establish a small community school for high school students in an existing building ("Project"). The Project site is located at 3802 Main Street, Suites 1&2 ("Project Site"), which is owned by JJB Hilltop Business Center, LLC ("Property Owner"). The Project Site is zoned Limited Industrial (IL) by the Chula Vista Municipal Code (CVMC) Zoning Ordinance, and designated Limited Industrial (IL) by the General Plan. The Project is more specifically described as follows:

The community school will be established by the Juvenile Court and Community Schools (JCCS) under the auspices of the San Diego County Superintendent of Schools. The school will provide an educational setting for up to 35 high school students between the ages of 14-18 who have attendance issues, credit deficiencies and multiple risk factors for high school dropouts. The use provides students with a high level of academic, social and emotional development, and is supported with a variety of career and technical education programs to assist with the transition from high school to the workforce. Additionally, the school program establishes partnerships with local school districts, law enforcement and public and private service organizations. The use will be located in an existing 3,504 square foot tenant space within a multi-tenant building within an industrial business park. The hours of operation will be Monday - Friday from 7:30 a.m. to 4:00 p.m. The majority of students will get to and from the school by public transit, and on-site parking is provided for four staff. The use would be permitted for five years.

Planning staff reviewed the Project for compliance with the California Environmental Quality Act (CEQA), and has determined that the Project qualifies for a Class 1 categorical exemption pursuant to Section 15301 (existing facilities) in accordance with the State CEQA Guidelines. No further environmental review is necessary.

The Zoning Administrator, under the provisions of Section 19.14.030, has conditionally approved said request based upon the following findings of facts as required by CVMC Section 19.14.080:

That the proposed use at this location is necessary or desirable to provide a service or facility which will contribute to the general well being of the neighborhood or community.

The use will provide high school students living in Chula Vista an alternative to continue their high school education, and provide them with a high level of academic, social and emotional development in a structured and managed environment. The use is supported with a variety of career and technical education programs to assist with the transition from high school to the workforce. Additionally, the school program establishes partnerships with local school districts, law enforcement and public and private service organizations.

That such use will not, under the circumstances of the particular case, be detrimental to the health, safety or general welfare of persons residing or working in the vicinity or injurious to property or improvements in the vicinity.

The use would be conducted in an existing 3,504 square foot tenant space within a multi-tenant building located in an industrial business park. The hours of operation are Monday - Friday from 7:30 a.m. to 4:00 p.m. The majority of students will get to and from the school by public transit, and on-site parking is provided for four staff, thereby limiting vehicular traffic to and from the school; no outside activities are proposed, therefore the use will not disturb adjacent properties or businesses. The school will be conducted at a convenient and accessible location that contains the amenities necessary to support the use. The CUP will be granted for a period of five years. For these reasons, the proposed use will not adversely impact the operation of adjacent businesses and will not be detrimental to the health, safety, and welfare of the persons, property and improvements in the vicinity.

That the use will comply with the regulations and conditions specified in the code for such use.

The approval of this conditional use permit is contingent on the Applicant and Property Owner's commitment to satisfy all conditions of approval and to comply with all applicable regulations and standards specified in the Municipal Code. The Applicant has committed to implement and satisfy all conditions of approval for the proposed use, and will comply with all applicable City zoning regulations. The conditions of this permit are approximately in proportion to the nature and extent of the impact created by the use in that the conditions imposed are directly related to, and of a nature and scope related to the size and impact of the use.

That the granting of the Conditional Use Permit will not adversely affect the General Plan of the City or the adopted plan of any governmental agency.

The community school is a temporary use that provides Chula Vista high school students a place to continue attending an alternative high school environment with the goal to help make them productive members of society. The Zoning Ordinance identifies a school as an "Unclassified Use", which is allowed in any zone with a conditional use permit. The term of the permit would be for five years therefore the use will not affect the goals and objectives of the General Plan, and is in conformance with the City of Chula Vista General Plan and Zoning Ordinance.

BASED ON THE FINDINGS ABOVE, THE ZONING ADMINISTRATOR hereby approves Conditional Use Permit PCC-10-063, as described above subject to the following conditions and operational modifications:
